

**Riders Meeting**

**11:45  
Start Time**

**12 Noon**

An observed trial is a motorcycle competition based on skill rather than speed. The object is to ride through marked 'sections' consisting of tight turns, hill climbs, rock & logs in balance and control. Each time a rider uses his feet to regain his balance points are assessed. The trial consists of a number of sections connected by a short loop.

In local competition, 8 sections and 5 laps comprise the contest. Riders are classified by ability (i.e., Rookie, Novice, Intermediate, Advanced, Expert and Senior Classes).

# Niagara Trials Riders Observed Motorcycle Trials 2023 Schedule

- ◆ June 11, 2023, 4752 Pfleum Road, Dale, NY
- ◆ July 23, 2023, 10463 Old State Road, Dalton, NY

Rain or Shine

The event is an AMA fun event. AMA membership is not required but is available at the event. Minors (under 18) must provide a legal release. All riders, workers, and spectators must sign the waver form at the score table.

Remember, these events are held on private land.

Extend the landowner the same consideration you would expect.
